Please share your experience at WCBCS and the impact it has made in your life.

This program made it possible for me to finish my education. During the years I was enrolled at West Coast I had multiple moves to different cities, job changes, and two children born, while my wife was working on her Master's Degree. There is no way I could have attended a class on campus during this season not to mention be able to afford a traditional seminary degree. Now I received the President's Scholarship at a seminary and have started working toward a Master's in Clinical Counseling. WCBCS quite literally altered the course of my life and opened up doors I never thought possible. I am extremely grateful to have found and Graduated from WCBCS.
