Please share your experience at WCBCS and the impact it has made in your life.

WCBCS provides the most relevant and practical education for people who want to further their Christian Education. The program I completed was rigorous, self-paced and of the highest quality. The customer and student services was the most responsive I have ever encountered in my academic career. With my degree, I have obtained my Chaplains credential with the Canadian Association of Spiritual Care. I graduated debt free from my program and have obtained my credentials. I can not say the same for many in my field who after speaking with them as part of my application process, are leaving college and seminary with thousands of dollars in debt, which I suspect will increase their burden as they commence their careers as Chaplains.
