Please share your experience at WCBCS and the impact it has made in your life.

After graduating from Taylor University, I worked in full-time ministry for 5 years until I realized I wanted to further my education without the overwhelming debt that usually comes with higher learning. I discovered WCBCS and their Masters of Biblical Counseling program and wanted to give it a try because of the affordability and flexibility with distance learning. Unlike some of my ministry peers, I valued EVERY course. They proved very practical and applicable from day one. A few years after my masters, I wanted to pursue the DMIN program because of how practical and fruitful and AFFORDABLE my previous program had proven to be. I was literally amidst a ministry crisis while taking a class on crisis counseling. I was also assisting in planning our churches launch of small groups while in a class on small group ministry. The courses were incredibly practical and the cost incredibly affordable. I'm grateful to WCBCS for the opportunity to learn and grow and apply that education without the fear of paying for it for the rest of my ministry career. Thank you.
