<b>Please share your experience at WCBCS and the impact it has made in your life.</b>	<p>As a new D.Min. student I was very please with the help I received as I applied to the school. As I begin my counseling course I have been excited to see excellent resources being deployed that are similar in quality to those I read when I went on hiatus from doctoral work to pursue church planting about 8 years ago.</p> <p>Without an online opportunity, returning to the classroom for more work at this point in my life would not be possible due to ministry demands. However, completing them remotely is an enriching and spiritually healthy experience.</p>
