Please share your experience at WCBCS and the impact it has made in your life.

I received my Master of Ministry in Biblical Counseling from West Coast Bible College and Seminary in the fall 2019.

When looking into the program, I found the staff to be helpful. They responded to my questions in a timely manner, and offered guidance regarding my academic endeavors.

My undergraduate degree is from Boston University and I have well over thirty graduate credits in education from The Catholic University of America, Coppin State College, and Trinity College in Washington, D. C.

This has been by far one of the most rigorous and invigorating academic programs that I have encountered to date.

Having the Master's Degree in Biblical Counseling from West Coast Bible College and Seminary has afforded me the opportunity to enhance and accomplish my academic goals and objectives.
